Thursday, 03 October 2019 - Monday, 07 October 2019

*4 Nights - Heritage Villa*

Nestled behind the Great Dividing Range in New South Wales Greater Blue Mountains you can experience the beauty of Emirates One&Only Wolgan Valley. Just 190kms from Sydney, the resort is on its own 1618-hectare private conservation and wildlife reserve.

The resort is a tribute to the original 1832 homestead that Charles Darwin visited. This old homestead remains, but it now sits in the shadow of the magnificent resort. A series of 40 freestanding villas surround the main homestead. No matter what size private villa you choose, you will find your elegant living room looks out over a private heated pool.

Stepping into the Main Homestead provides you with a breathtaking introduction to your stay. With giant timber doors that open into soaring space for a sense of rustic grandeur. Outside you will find a glittering pool.

The scent of a crackling wood fire wafts through the lounge and dining rooms. Tables are carefully set in the Wolgan Dining Room for an impressive setting. Your degustation menu changes daily, featuring roast duck with onion brûlée one day, and blue-eyed cod with charred leeks and dashi. Lunch is served in the informal surrounds of the Country Kitchen rather than the Wolgan Dining

Room. Other options include gourmet barbecues, and picnics across the property or the kitchen can organise a feast at the Heritage Homestead.

The outdoor terrace stretches the length of the homestead. It is the perfect spot to look out over the valley while sipping a cocktail at sunset. Watch as the imposing cliff changes colour as the sun sinks and the wildlife begins to emerge.

The Great Barrier Reef is the world's largest reef system comprising nearly 3,000 individual reefs and 900 islands. It is also the planet's biggest single living structure. This reef system stretches for over 2,600km and covers approximately 350,000 square kilometres that travel almost parallel to Queensland's coast.
